In celebration of GnG's 10th anniversary serving at-risk youth we will be hosting the GnG Music Experience at the festival. Youth ages 8-18 who've never played guitar can stop by our tent and receive a free introduction to guitar lesson. Youth must be accompanied by an adult. You'll learn how a guitar is held and played, what's involved in learning to play and you'll get to strum your own song. Each youth who participates will be entered in a drawing to win one of the student guitars used in the lesson.

Adults or youth who already play guitar may stop by and get some playing tips from one of the professional guitarists that will be there. Brazen guitars will be available for you to experience what you learn.
